Mumbles 2021 Toy Collection

The Mumbles Collection has just got better with the addition of lots of cute new styles in the Zippie and Printme range due to popular demand.

There are now 28 styles in the Zippie range with the addition of the new big friendly Giant Bunny and can be matched with the original Zippie Bunny (now available in grey), and Printme Grey Bunny, as well as a very cuddly Christmas Bear to join our festive friends. All our Zippies can be embroidered, sublimation printed and vinyl printed with any message or logo.

The complimenting Printme range by Mumbles are smaller versions of the Zippies and can be sublimation or vinyl printed directly onto the tummy of the toys. This range has been well received in 2020 to say the least, so the Printme family have expanded to include an angelic White Teddy, a curious Cat and smaller adorable clones of our existing Zippie Teddy, Zippie Rainbow Bear, Zippie Elephant, Zippie Penguin and Zippie Reindeer.

All our plush toys and accessories are tested to the EN71 Standards ensuring that you know that they are safe for the age groups advised.

Enjoy your adventure into the Mumbles World

All Printme toys comply with EN71 European Toy Safety Regulations and are suitable for all ages 0+

HOW TO DECORATE YOUR PRINTME by Mumbles ANIMALS

STEP 1
CHOOSE YOUR PRINTME ANIMAL FROM THE COLLECTION

STEP 2
VINYL OR SUBLIMATE ME PLATE ME UP

STEP 3
ENJOY

SUBLIMATE ME

1. **SUBLIMATION PRINTING** works on all of the MM060 PRINTME styles.
2. Once the design has been printed, tear around the edges of the sublimation paper to avoid impressions being made on the fur.
3. Place protection paper on top of the design to protect the fur. In addition, place a piece of suitable fabric over the animal to avoid the pile flattening.
4. Heat the press to 185°C and press for 60 seconds, if you are using additional fabric to protect the pile, press for 90 seconds as the fabric will absorb the heat.
5. Remove the protection and peel off the sublimation paper to reveal the design.

VINYL PRINT ME

1. **VINYL PRINTING** works on all of the MM060 PRINTME styles, a vinyl with a thicker adhesive e.g a flock or glitter has the best results.
2. Place protection paper on top of the design to protect the fur. In addition, place a piece of suitable fabric over the animal to avoid the pile flattening.
3. Heat the press to 185°C and press for 15 seconds, if you are using additional fabric to protect the pile, press for 30 seconds as the fabric will absorb the heat.
4. Peel off the vinyl backing and return the protection paper before re-pressing for a further 15 seconds to seal the design.

*Above are suggested methods of decorating, requirements may vary depending on the model and type of equipment you are using.

Printable soft plush toys with a white polyester tummy suitable for sublimation and vinyl printing. Coordinating with the Zippie Collection.

Zippies by Mumbles

Zippies by Mumbles are cleverly designed plush toys that allow for decoration directly onto the toy. The animals and bears have been designed with a clear front panel area and a zip access at the bottom of the toy with a removable inner pad which allows the toy to be either printed, sublimation printed or embroidered directly onto the front panel of the toy. Let your imagination run wild...

HOW TO DECORATE YOUR ZIPPIE by Mumbles ANIMALS

STEP 1
CHOOSE YOUR ZIPPIE ANIMAL FROM
THE COLLECTION

STEP 2
UNZIP AND REMOVE THE STUFFING
FROM YOUR ZIPPIE

STEP 3

EMBROIDER ME
FRAME ME UP

SUBLIMATE OR VINYL PRINT ME
PLATE ME UP

STEP 4
RETURN THE INNER STUFFING AND
ZIP ME BACK UP

STEP 5
ENJOY

EMBROIDER ME

1. EMBROIDERY works on all Zippies with a professional finish.
2. Frame size 15-18cm will fit most of our Zippies. Square or circular will suit.
3. Use a sheet of backing underneath the animal to stabilise the fur.
4. Use a sheet of aquafil on top of the animal to let your stitches stay proud and not sink into the fur.
5. Make sure your Zippie is positioned straight, a laser needle will help. Alternatively, mark up a piece of a tape with a + to line up and remove before sewing.

PRINT ME

1. **SUBLIMATION PRINTING** works on all Zippies with a light coloured tummy.
 2. Place protection paper on top of the design to protect the fur. In addition, place a piece of suitable fabric over the animal to avoid the pile flattening.
 3. Heat the press to 185°C and press for 60 seconds, if you are using additional fabric to protect the pile, press for 90 seconds as the fabric will absorb the heat.
1. **VINYL PRINTING** works on all Zippies, a vinyl with a thicker adhesive e.g a flock or glitter has the best results.
 2. Place protection paper on top of the design to protect the fur. In addition, place a piece of suitable fabric over the animal to avoid the pile flattening.
 3. Heat the press to 185°C and press for 15 seconds, if you are using additional fabric to protect the pile, press for 30 seconds as the fabric will absorb the heat.

*Above are suggested methods of decorating, requirements may vary depending on the model and type of equipment you are using.

HENBURYBRANDS

Ethics and Standards

ENVIRONMENTAL

Henbury are fully committed to the wellbeing and development of our planet which has encouraged big changes to our personal outlook and the way we trade. We aim to help our customers and make it easier to reduce the volume of waste going to landfill. Going forward, our products will be packaged in recycled plastic bags, which are recyclable at the end of life. Packaging components are being reduced by a huge 77% across shirts and we are reducing the number of products that are individually packaged. Finally, our bags will be made for reuse; they are resealable for ease of re-packaging and branding is being removed to allow ease of re-branding.

On top of this, our employees are making a conscious choice to go paperless and recycle all excess fabrics/garments.

It is our corporate responsibility to make an impact in reducing our carbon footprint. All of our marketing materials printed for 2020 were carbon balanced, helping to reduce CO2 emissions and preserving ecologically endangered land with World Land Trust. By using FSC certified papers and printers, promoting responsible management of the world's forests, we are doing our part to make a change.

To reduce our footprint even further, we have taken the decision to only publish our brochure online for 2021, and it doesn't stop there! We aren't letting our 2020 material go to waste either; if you prefer a hard copy to hand, our 2020 brochures are still available to order with an updated insert to remind you of our discontinued lines and new products for 2021.

You can request hard copies of our 2020 brochure at: cloud.henbury.com

MANUFACTURERS

We work with the very highest level of manufacturers developing strong, long-term partnerships to promote understanding of International Ethical Trading practices. Working with all our global suppliers to promote respect for workers' rights, ensuring workers are free from exploitation and discrimination, and enjoy conditions of freedom, security and equality.

We fully recognise the importance of the people and the countries where we manufacture, and we require any associated manufacturer or supplier to share our commitment to fair and safe working practices. Our manufacturing locations are personally selected, inspected via an independent, fully recognised and accredited ethical auditing body and supported with continuous monitoring by our local representatives. This ensures working conditions and practices are to the highest standard and within local government laws. In addition to ensuring our high ethical standards are achieved, we support and sponsor a number of local charities within the communities with which we work and manufacture.

CERTIFICATIONS

A further indication of our commitment to social responsibility is in the number of certifications that we hold. Specific information by style and clarification relating to various certifications and standards is available from us on request.
