

FREEDOM TO TRAVEL

SPRING SUMMER 17

CRAGHOPPERS

Discover Your World

It's all change at Craghoppers. We're expanding globally.

Now more than ever, we're prioritising our customer feedback over everything else.

We've listened.

We know why people keep coming back to us... they love what our clothes do for them.

They love the way they make them feel. People rely on us for BOTH practical and emotional reasons.

We can't forget this.

For Spring Summer 17, we will help customers roam free in the world's first bug-free knit.

We will help them make sure their weekend trips offer as many surprises as our vests offer pockets and back-up plans. We will help them calmly answer the big questions in life...

"Where are my keys?"
"Where am I?"
"What's next?"

Bottom line: We want to become more of a gut instinct. We're confident that our range's health and safety features will help us with this.

Buying our NosiPro Elgin Stretch Jacket for your South African safari doesn't have to be a painful decision. You don't have to weigh up 17 different options from 17 different websites. You should just know.

Wait. We can't be so arrogant to think that people will always love us.

We have to prove it every day.

We are proud of our 50 years of innovation in the travel clothing space, but rest assured, we've never stopped.

We're always looking for ways we can help you enjoy your trip without having to worry about flash floods and mosquito plagues.

We have focussed totally on "What's in it for you, the customer?"

This range will give you what you need so you can focus on the serendipity and fun bit of travel.

We'll happily fade into the background if and only if we've given you the confidence you need to enjoy the trip of a lifetime - to discover your world in your own unique way.

TECHNICAL TRAVEL CLOTHING IS A NECESSITY, NOT A LUXURY.

900 million people travel abroad each year, those who use Craghoppers reduce the risk of insect borne threats as well as human borne!

MEN'S ADVENTURE

FROM LOST ANCIENT CITIES TO SAFARI PLAINS, CRAGHOPPERS ADVENTURE CLOTHING IS DESIGNED TO PROTECT YOU FOR EVERY JOURNEY.

Kenya. Maasai Mara. Safari. Cheetah-tracking. The photographer must be ultra-quiet to get capture a glimpse. Mind drifts to thoughts of zebras, giraffes and not getting rammed by a black rhino. It doesn't naturally drift to zips or pockets. Sorry. Features and fabrics? That's our thing. Health, security, safety? Yes, please.

Our new Adventure range is dedicated to the freedom our obsession gives you - to go, see and do in some pretty special if not exotic locales. Behind the scenes, we make sure you're totally protected from the elements and insects. We're happy if you're enjoying your epic trip, discovering your world in your own way.

Where are my keys? Where's my passport? And 18 more questions not to panic over.

You've got it all. Well, almost. To be pedantic, you've got 20 pockets. That means space for iPads & passports, of course. There's even one pocket with RFID-blocking fabric. Cybercrime? Not on our watch. There's a dry pocket for crucial documents and secret plans. Plus, we operate a no-bulge policy here. Stay stream-lined. Stay light. Your personal office-on-the-move.

PERFORMANCE LIFESTYLE
CLOTHING HAS YOU
PROTECTED.**

You've got ties to city/job/email, but your heart's on a plane far away, right? Some smarty once said it's about the "journey not the destination." We've made our new Performance Lifestyle range for both. For us, "getting there" is as good as "I'm here and it's amazing."

We know you need to look and feel good both in the airport lounge, music festival and or beach. That's why we've included health and security features that will help you play the field like nobody's business - especially if that field's a sunny one. And maybe a trail at the end that begs you down it.

NEW MIDAS GORE-TEX® JACKET

CMW739

Go for gold in this remarkable GORE-TEX® waterproof shell jacket. Fusing impressive technical performance with sleek pro styling, DofE-approved Midas is designed to deliver impressive coverage in all conditions. Lead and others will follow.

Black 800

2 layer GORE-TEX® performance shell with mechanical stretch and polyester mechanical stretch mesh lining

Outer: 100% polyester with GORE-TEX® membrane / Lining: 100% polyester
XS/S/M/L/XL/XXL | 745g | Active Fit

Pit zips • Stretch mesh & tafetta lining • 30" length • 4 zipped pockets: 2 waterproof lower, 1 waterproof chest, 1 inner map • Grown-on hood with one handed adjusters to front & toggle adjuster to back • Waterproof centre front zip with inner stormflap • Inner drawcord hem adjusters • Self-fabric cuff adjusters • Reflective detail • Elbow darts

NEW MIDAS VEST

CMB789

A stylish mid-layer that packs a powerful insulating punch when conditions cool. The lightweight synthetic fill is super-compressible, making it easy to pack, but it offers insulating properties comparable to natural down. A DofE-approved trail essential.

Black 800

Polyester with DWR finish & polyester ball wadding

Main: 100% polyester / Fill: 100% polyester
XS/S/M/L/XL/XXL | 300g | Active Fit

Self-fabric lining • 26" length • 2 zipped lower pockets • Full-length zip with inner zip guard • Elasticated bound hem • Reflective detail

NEW MIDAS HYBRID JACKET

CMN196

This versatile hybrid jacket sets a new gold standard for DofE-approved trail wear. An intelligent fusion of soft microfleece fabric with the impressive insulating properties of ThermoElite, Midas will help lock body heat in at the core when temperatures cool.

Black 800

Polyester with DWR finish, polyester ball wadding & polyester jacquard fleece

100% polyester
XS/S/M/L/XL/XXL | 410g | Active Fit

Self-fabric lining • 28" length • 2 zipped lower pockets • Full-length zip with inner zip guard • Elasticated bound hem • Elasticated bound cuffs • Reflective detail

NEW APEX JACKET

CMW740

Designed exclusively for our DofE-approved range, this contemporary, two-tone, lightweight waterproof shell is perfect for any trail kitbag and pulls out all the stops when it comes to wet weather performance. Packs small and is ready for action instantly.

Night Blue 7N0

AquaDry Membrane polyester with DWR finish with polyester mesh lining

WOMEN'S ADVENTURE

FROM LOST ANCIENT CITIES TO SAFARI PLAINS, CRAGHOPPERS ADVENTURE CLOTHING IS DESIGNED TO PROTECT YOU FOR EVERY JOURNEY.

Kenya. Maasai Mara. Safari. Cheetah-tracking. The photographer must be ultra-quiet to get capture a glimpse. Mind drifts to thoughts of zebras, giraffes and not getting rammed by a black rhino. It doesn't naturally drift to zips or pockets. Sorry. Features and fabrics? That's our thing. Health, security, safety? Yes, please.

Our new Adventure range is dedicated to the freedom our obsession gives you - to go, see and do in some pretty special if not exotic locales. Behind the scenes, we make sure you're totally protected from the elements and insects. We're happy if you're enjoying your epic trip, discovering your world in your own way.

Where are my keys? Where's my passport? And 16 more questions not to panic over.

You've got it all. Well, almost. To be pedantic, you've got 18 pockets. That means space for iPads & passports, of course. There's even one pocket with RFID-blocking fabric. Cybercrime? Not on our watch. There's a dry pocket for crucial documents and secret plans. Plus, we operate a no-bulge policy here. Stay stream-lined. Stay light. Your personal office-on-the-move.

NEW NOSILIFE DAINELY GILET

CWB830

If you're heading off on a hot-climate adventure, you'll appreciate the versatility of this sleek insect-repellent travel gilet. The streamlined construction conceals a remarkable tally of 18 handy pockets - perfect for stowing your trail essentials in the most ergonomic way.

WOMEN'S PERFORMANCE LIFESTYLE

WEEKEND BREAKS, CITY ESCAPES & SUN DRENCHED LAKES, CRAGHOPPERS PERFORMANCE LIFESTYLE CLOTHING HAS YOU PROTECTED.

You've got ties to city/job/email, but your heart's on a plane far away, right? Some smarty once said it's about the "journey not the destination." We've made our new Performance Lifestyle range for both. For us, "getting there" is as good as "I'm here and it's amazing."

We know you need to look and feel good both in the airport lounge, music festival and or beach. That's why we've included health and security features that will help you play the field like nobody's business - especially if that field's a sunny one. And maybe a trail at the end that begs you down it.

ACCESSORIES

**NEW 15L KIWI PRO RUCKSACK**
CER5105

A great choice for a long day - or a short weekend - our 15-litre backpack allows you to carry your trail essentials with ease - and in considerable style. Lightweight, water-repellent and with plenty of pockets for all your accessories. You'll love the backpack's invaluable hydration system that means you can slake your thirst on the go!

**600D polyester with polyester elastane stretch mesh side pockets**

100% polyester

15 Litre | 450g | 42cm x 26cm x 14cm

Adjustable rucksack straps • Airflow padded back • Grab handle • External zipped pocket • External mesh pockets • Cycle light holder • Roll-away reflective panel • Webbing loops • Internal organiser • Internal pocket for bladder with hydration port

WORLDWIDE 40L CABIN LUGGAGE
CER5056

The ideal choice for a long-haul trip, this travel bag is part airline-friendly luggage and part backpack. We've made it the right size for carry on (though it's best to check with each airline) and the integral wheels with extendable grab handle make it easy to manoeuvre round the concourse. But you'll also find a hideaway rucksack system if you want a change of function.

**600D polyester**

100% polyester

40 Litre | 1.4kg | 40cm x 20cm x 50cm

Movable shoulder strap • Adjustable rucksack straps • Hideaway wheels • Grab handle top and sides • Compression straps • External zipped pocket • Internal zipped pockets

NEW 22L KIWI PRO RUCKSACK
CER5106

This 22-litre backpack is just the job for a non-nonsense hike - or a weekend away. The lightweight polyester construction incorporates a superb 3D aerator panel that reduces the pressure - and the build up of sweat - behind the pack. The anatomical harness means you can carry this backpack in comfort - but there's a top handle too for added manoeuvrability.

**600D polyester with polyester elastane stretch mesh side pockets**

100% polyester

22 Litre | 530g | 47cm x 28cm x 17cm

Adjustable rucksack straps • Airflow padded back • Grab handle • External zipped pocket • Walking pole holding system • Soft touch glasses pocket • Waist belt • Sturman strap • External mesh pockets • Cycle light holder • Roll-away reflective panel • Webbing loops • Internal organiser • Internal pocket for bladder with hydration port • Soft-touch zipped laptop pocket 20cm x 30cm

TRAVEL 15" LAPTOP BAG WITH RFID PROTECTION CER5087

This cotton canvas travel bag is tailor made for your 15" laptop. The tough shoulder strap makes it easy to transport and the padded pocket helps protect your precious cargo from knocks and bumps. Smartphone and earphone compatible, too, with protective pockets for your passport and cards.

**Cotton**

100% cotton

715g | 39.5cm x 31cm x 11cm

Shoulder straps • Grab handle • External zipped pocket • External document slip pocket • Zipped side pocket with splashproof & touch use compartment for smartphone or mp3 with headphones exit to outer • Internal convertible divider • Phone pocket • ID pocket • Business card holder • Pen holder • Pen drive holder • Key clip • Magnetic fastenings

NEW 30L KIWI PRO RUCKSACK
CER5107

This stylish 30-litre backpack is spacious enough to hold everything you might need for a longer trip. The tough construction means it's robust enough for constant use and there's lots of on-board storage for clothing and accessories. Featuring a cooling aerator panel, hydration bladder pocket and padded shoulder straps, our backpack is built for comfort, however long your day!

**600D polyester with polyester elastane stretch mesh side pockets**

100% polyester

22 Litre | 600g | 50cm x 30.5cm x 20cm

Adjustable rucksack straps • Airflow padded back • Grab handle • External zipped pocket • Shockcord stash • Waist belt • Soft touch glasses pocket • Waist belt • Sturman strap • External mesh pockets • Cycle light holder • Roll-away reflective panel • Webbing loops • Internal organiser • Internal pocket for bladder with hydration port • Soft-touch zipped laptop pocket 20cm x 35cm

3 IN 1 PACKAWAY RUCKSACK
CER5058

A brilliant addition to your travel kit, this super-light packaway rucksack is designed to stow neatly into your luggage for use when you reach your destination. Includes a zipped wallet and money belt, too.

**Polyester ripstop with polyester elastane stretch mesh to front**

100% polyester

130g | Daysack: 44cm x 33cm x 13cm, Hand/Waistbag: 30cm x 19cm, Packaway: 18.5cm x 30cm

Adjustable rucksack straps • Shoulder straps • Grab handle • Packaway storage bag • External zipped pocket • Internal zipped pocket • Converts into rucksack or smaller shoulder or waist bag

TRAVEL CONVERTIBLE 13" LAPTOP BAG CER5088

A really versatile choice for travelling, this convertible bag quickly transforms from a shoulder bag to a backpack to suit your needs. Capable of carrying a 13" laptop, the padded pocket means it can also be used for your tablet. Cotton canvas construction in classic travel colourways.

**Cotton**

100% cotton

715g | 36cm x 28cm x 10cm

Shoulder straps • Convertible rucksack straps • Grab handle • External zipped pocket • Internal zipped pocket • Phone pocket • Cable store • ID pocket • Business card holder • Pen holder • Pen drive holder • Key clip

40L COMMUTER CABIN LUGGAGE CER5089

If you hanker after a carry-on-size travel case that's smart enough to take on a business trip, this brand new bag is the perfect fit. The linen-look fabric outer is embellished with leather trim and fixed on a wheeled base that's sturdy and manoeuvrable for easy handling. The streamlined design features plenty of storage, so you won't be stuck for space.

**Dual colour polyester 600D with PU backing and WR finish**

100% polyester

40 Litre | 1.8kg | 55cm x 36cm x 20cm

CUX0013

There's no substitute for a steaming cup of your favourite brew when you've stopped to take the view. This neat half-litre vacuum flask looks great and performs even better, keeping drinks hot - or cold - and ready for you to enjoy at your leisure. Complete with wrist strap and heat-saving single-pour top.

Black
800**Stainless steel flask, polypropylene ring with plastic and rubber stopper**

500ml | 300g

Hidden zippered pocket for notes (pocket length 30cm) • All plastic zipper and fastening, to make airport friendly

ALUMINUM WATERBOTTLE

CUX0013

It's an essential component in every travel bag. Our light-yet-sturdy stainless steel water bottle has a snug-fitting screw cap and a 750ml capacity. Perfect for the rough and tumble of the trail.

Matt Black
800**Aluminium bottle with plastic screw cap**

750ml volume | 105g

Soft feel fabrics • Size adjustable • Wicking mesh against body • 2 zipped pockets & inner mesh pocket

TRAVEL PILLOW

CUX0036

What a fab concept. This cleverly designed travel pillow has a split personality – not only does the removable cover feature a wicking side and a cosy side, but it also transforms from conventional square to neck-supporting U-shape in a matter of seconds. Includes headphone port, too.

NEW TRAVEL COMPACT WALKING POLE CHP023

This shorter pole is small enough to pack away and take on your travels, as well as creating added stability on any surface. The pole's walking-stick-style handle has a composite cork grip for palm comfort and the lever lock adjustment makes it easy to fix at the right height. The perfect pole for adventure travel.

Sport Blue
8D6Black
800**Cork/plastic handle, aircraft grade aluminium 6061 / 7075**

280g | Extends 55cm - 100cm

Size adjustable • Easy use lever lock adjustment • Aircraft grade aluminium 6061/7075

NEW ADVENTURE POLE TWIN PACK CHP026

Give your walking a boost with this high-performance walking pole. Amazingly light, yet superbly strong, the twin aluminium construction takes the strain out of any hilly trek. The fabulous foam grip handle means it won't chafe your palm and the easy-to-operate lever lock makes height adjustment a piece of cake. The inbuilt camera attachment turns your pole into a selfie stick!

Cadet
03ZBlack
800**Eva foam handle, aircraft grade aluminium 6061 / 7075**

WASHLINE & SINK PLUG KIT

CUX0021

If you're heading for far-flung climes, you might want to consider packing this neat kit that ensures you'll have the wherewithal to wash and dry your gear in the most basic accommodation.

Black
800

70g

Washline with suction pads & hooks for securing to multiple surfaces and twisted elastic cord for use without pegs • Universal stopper that fits almost all plug holes

TORCH UMBRELLA

CUX0042

What a brilliant innovation. This umbrella is designed to protect from a downpour even when the wind is howling - thanks to the special vented panels that allow air to pass through without turning the broly inside out. Even better, its handle includes a directional torch which comes into its own when your hands are full. Touch button operation.

Dark Navy

CRAGHOPPERS PARTNERSHIPS

The world's most successful companies have a lot in common. They're well managed, profitable, and there is mutual respect between the business, staff and customers. These organisations stand out because everyone is working towards a common goal, with a shared ethos and an understanding of what needs to be done.

Craghoppers are the only outdoor clothing manufacturer to create a range of clothing that's approved and recommended by The Duke of Edinburgh's Award.

Craghoppers are proud to be continuing our partnership with Dian Fossey Gorilla Fund International to supply much needed kit and to raise awareness of the amazing work they do in Rwanda.

Working with Royal Geographical Society as main sponsor of 'Discovering Britain', an exciting series of geographically-themed walks that tell stories about the landscape and inspire everyone to explore and learn why Britain is as it is today.

It's one of the most loved brands in the world. 2.5 billion viewers. 220 countries. The Discovery Channel have an uncanny ability to capture moments of pure magic. Hundreds of shows and 32 years later, they're still making the world bigger, brighter and in many ways better for billions of us.

At Craghoppers, we've got huge respect for them, so much so, we've kitted out their camera crew.

We have partnered with National Geographic to outfit active consumers in North America while supporting the health and diversity of our planet.

The customer's support of the National Geographic Society through the purchase of product makes them part of our global community.

Their mission is to improve health and health equity in the UK and worldwide; working in partnership to achieve excellence in public and global health research, education and translation of knowledge into policy and practice. The London School of Hygiene & Tropical Medicine independently test our Nosilife fabric.

Our partnership with Ordnance Survey helps people get the most from their outdoor experience. Ordnance Survey is Great Britain's national mapping agency with a history dating back over 220 years. Recognised as the world's best, they are at the heart of every outdoor activity.

CRAGHOPPERS AMBASSADORS

To ensure our clothing performs at its peak across a wide range of environments, we've come to rely on our team of Craghoppers ambassadors.

Comprised of photographers, survivalists, adventure racers, environmentalists and scientists our team work across a range of climates in all seasons.

FARUK AKBAS

FUJI SPONSORED
PHOTOGRAPHER

Turkey's coast is Faruk's home. His career as a photographer has allowed him to travel not just within Turkey but also across the globe, capturing the lives and smiles of the people he meets and telling their stories in images and films.

His flair and charisma have led Faruk to develop a highly regarded reputation, with numerous awards under his belt, from institutions as varied as the British Council and the Human Rights Society.

WOODS WHEATCROFT

LIFESTYLE/OUTDOOR
PHOTOGRAPHER

From his native Idaho to the furthest reaches of the world, Woods has a talent for capturing the imagination of his audience and bringing his myriad subjects to life with a winning combination of wit, depth and vulnerability.

This rich, visual approach to storytelling has ensured Woods remains a vital and in-demand photographer working for some of the biggest magazines in the outdoors, The New York Times, Men's Journal and Outside.

VERONICA VECELLIO

GORILLA PROGRAM
CO-ORDINATOR

Veronica is the Program Co-ordinator for the Dian Fossey Gorilla Fund in Rwanda, she is on the frontline of conservation, working tirelessly to protect the endangered Mountain Gorillas of the Volcanoes National Park.

No two days are the same when you are responsible for the safety and wellbeing of more than 120 Mountain Gorillas.

Daily anti-poaching patrols are commonplace in protecting the Gorilla population.

VINCENT WALSH

DIRECTOR OF BIOSPHERIC
FOUNDATION

Vincent grew up in Manchester, before moving to London to study, followed by a period living with homeless communities in the U.S. He then moved to Ethiopia and then Nigeria to develop skills related to agroforestry and permaculture.

After returning from Africa, Vincent began a PhD focusing on Socio-Ecological urban development for the 21st century, as well as setting up The Biospheric Foundation, which is concerned with helping urban communities become self-sufficient.

FREEK VONK

SURVIVAL EXPERT
& BIOLOGIST

Freek is an award-winning evolutionary biologist from the Netherlands where he is a research fellow at the Naturalis Biodiversity Centre in Leiden. His research is focused on the venom of toxic animals, their molecular structure and how they can be applied in the field of medicine. Freek's research takes him all over the world, often to investigate the DNA, and conduct evolutionary checks on a wide range of dangerous wildlife. Freek appears regularly on television.

LARS KONAREK

SURVIVAL
EXPERT

Wilderness Survival has always fascinated Lars. "Since we live in a high-tech world, valuable knowledge of our ancestors is now lost. Who can now drill a fire without aid? Who knows more than 20 edible plants? Who is able to predict the weather for the next three hours?" These are the questions he regularly asks candidates on his survival training courses. His unique training method is experiential and practical, mixing traditional & modern Bushcraft techniques.

SÖREN BURMESTER

FISHING
EXPERT

Sören has run the biggest German Anglers Blog now since 2012. Dicht-am-Fisch.de.

The German angler has a preference for spin fishing for perch and pike and connects them with numerous fishing trips to Denmark, Spain, Sweden and Ireland.

KEVIN RICHARDSON

THE LION
WHISPERER

As a self-taught animal behaviourist, Kevin has broken every safety rule known to man when working with these wild animals. Flouting common misconceptions that breaking an animal's spirit with sticks & chains is the best way to train them, he uses understanding and trust to develop personal bonds.

His unique method of getting to know their individual personalities, what makes each of them angry, happy or upset, has caused them to accept him like one of their own into their fold.

TAMSIN JONES

DAKAR RALLY
COMPETITOR

Tamsin is something of an expert when it comes to motorcycle endurance races, having beaten the famed Dakar rally on her very first attempt in 2010. She also currently holds the women's world record for the highest altitude ride up Everest.

When not competing, Tamsin can be found sharing her unbridled passion for endurance racing with both children and adults alike, having racked up 10 years experience as a qualified off-road instructor.

TECHNOLOGIES

Every season, Craghoppers creates and refines a host of outstanding technologies designed to enhance movement, manage moisture, promote freshness, resist stains, repel insects, reduce maintenance, provide insulation and protect the wearer from the prevailing weather conditions all year round!

THERMO ELITE
Innovative fibrecluster insulation.
 Stay warm on the trail with super-compressible, down-effect insulation.

What is THERMOElite?
 A new insulating technology that provides a viable synthetic alternative to natural down. The innovative THERMOElite fill uses tiny spherical fluffy fibre clusters to simulate down construction, delivering comparable heat retention properties.
 Light, highly compressible and quick-drying for effortless efficiency in cold and wet conditions.

THERMO ELITE HYBRID
Luxurious down-rich insulation.
 Fusing sumptuous down with hi-tech synthetic fill for optimum lightweight insulation.

What is THERMOElite Hybrid?
 An inspired fill blend that offers the best of both worlds, combining the natural insulating properties of pure down with our new THERMOElite synthetic fibre clusters for outstanding super lightweight core insulation in all weathers.
 This fill-fusion delivers warmth even after a downpour. Amazingly light and compressible, it's the perfect trail packable.

GORE-TEX
World leading waterproof and breathable fabrics for all weather conditions.
 Guaranteed to keep you dry.™

GORE-TEX® Products?
 Travellers world-wide have been putting GORE-TEX® Products through its paces for years. And it still comes out on top as the finest waterproof and breathable fabric there is.
 GORE-TEX® garments with PacLite® Product Technology are the ideal solution for hiking, golf, travel and other activities where space and weight are critical. A protective layer on the inside of the GORE-TEX® membrane makes a separate lining unnecessary. The result: minimum weight and pack volume.
 2-layer GORE-TEX® Fabric is designed to provide comfort and durable waterproof protection. GORE-TEX® garments are ideal for a wide range of outdoor activities. Very breathable (between 6 and 13 RET excluding jacket lining).

MICRO FLEECE
Lightweight warm insulating layer.
 Microfleece is a lightweight, high insulation synthetic fabric.

What is Microfleece?
 As soft and warm as wool but with critical performance for outdoor wear. Its hydrophobic fibres retain less than 1% of their weight in water retaining insulation power when damp and dry quickly.
Optimum fabric for travel
 Microfleece is a light, compact and breathable fabric - efficient to pack and versatile for hot or cold climates. Its strong synthetic fibres result in a lasting, ready-to-wear garment that's easy to care for on the move.

STRETCH
A bit of flexibility goes a long way.
 2-way and 4-way stretch fabrics allowing unrestricted movement plus improved fit and durability.

What is Stretch?
 Fabrics that enhance comfort and agility, improve fit, and to maximise easy-care and minimum-iron attributes.
It's not just about the Stretch
 For harsher conditions, we've applied a tighter weave maintaining our weatherproof, sun-protective and insect-repellent technologies.

SMART DRY
Water-repellent and stain-resistant finish.
 A water-repellent treatment bonded onto the fabric so that rain and spills simply run-off.

What is SmartDry Technology?
 Water-repellents keep clothes drier longer, making them lighter, warmer and much more comfortable.
 SmartDry uses a process that bonds the molecules of the water-repellent to the surface of the garment and lasts longer than many Durable Water-repellents (DWR).

AQUA DRY
Guaranteed waterproof and breathable fabric.
 Waterproof, breathable, taped seams and water tight constructions. Designed for moderate to heavy downpours.

What is AquaDry?
 A combination of our waterproof and breathable coating and our technical outer fabrics delivers guaranteed levels of protection and comfort.
 The outer face is treated with a DWR (Durable Water-repellent) finish to help keep the outer fabric drier for longer. The final product provides guaranteed breathability and all-round waterproof performance.

AQUA DRY MEMBRANE
Dual layer fused waterproof fabric, developed by Craghoppers.
 Exceptional waterproofing and breathability in the heaviest of downpours.

What is AquaDry Membrane?
 This top of the range fabric delivers fantastic levels of waterproofness and breathability. It is a laminated fabric - the combination of fusing a waterproof breathable membrane to our durable outer face fabric.
 The result is a fabric that is strong, yet comfortable to wear. DWR (Durable Water-repellent) finish helps keep the outer fabric drier for longer.

CLIMA PLUS
Advanced insulating compact layer.
 Supple, compact hollow fibre fill for superior warmth and ultra lightweight.

What is ClimaPlus?
 This advanced insulating layer has all the suppleness and warmth of down, but in a compact, quick-drying 100% synthetic form whilst being ultra lightweight.
Engineered for maximum insulation
 It can be packed or stuffed without losing its loft and the water-repellent face makes it a superior weather-beating outer for cold climates.

NOSILIFE
The world's first and only permanent insect-repellent clothing range.
 Our insect-repellent treatment is permanently woven into the fabric; protecting against biting insects.

What is NosiLife?
 NosiLife is a breakthrough in textile innovation, utilising a new and unique permanent anti-insect technology. Tested by an independent testing laboratory, to provide proven protection for the lifetime of your garment.
 Proven up to 90% protection from mosquitoes and other biting insects that can cause life threatening diseases such as Malaria.

NOSILIFE STRETCH
Permanent insect-repellent clothing with an increased range of motion.
 All the protection from NosiLife permanent insect-repellent plus our Stretch fabric for extra comfort on the move.

Why the added Stretch?
 Stretch enables active performance across a raft of climate specific clothing. The elastane stretch fabrics are more agile, with lasting fit and easy-care, minimum-iron performance for travel.
 A range of fabric weights incorporate tailored protection for use in both hot and cold climates.

NOSI DEFENCE
An effective barrier to biting insects.
 Keep bugs at arm's length.

What is NosiDefence?
 NosiDefence provides a robust barrier of specially constructed fibres which are too tough for insects like mosquitoes to penetrate.
 NosiDefence fabric will help to protect your skin from insect bites allowing you to enjoy your adventures carefree.

SOFT SHELL
Dual-performance outer layer with advanced weather-resistance.
 Wind-resistant, durable and water-repellent thanks to our SmartDry treatment.

How does it work?
 This dual-performance outer layer blends comfort and warmth with advanced weather-resistance.
 The smooth outer face is wind-resistant, durable and showerproof thanks to our SmartDry water-repellent treatment. Worn as a lightweight, protective outer or fused with a warm fleece inner for cold climates.

WIND SHIELD
Wind-resistant with maximum breathability.
 Our wind-resistant construction forms a lightweight but sturdy barrier against the harshest gales.

How does Windshield work?
 Engineered for a wide range of activities and weather conditions, these fabrics are so comfortable and versatile, they often become favourite everyday outdoor garments as well.

INSULATING
Super warm layering.
 Warm and super insulating for maintaining the body's microclimate.

What is Insulating?
 This advanced insulating layer offers outstanding warmth and is suitable for a range of activities. Our products use the latest technologies to ensure superior insulating properties for the wearer whatever the season.
Created for maximum insulation
 Our insulating products provide essential insulation for a range of activities and weather conditions. Ensuring that vital body heat is retained for extra warmth while being lightweight.

MOISTURE CONTROL
Moves body moisture away from the skin.
 Keeping you cool on the move and fresh in the most intense humidity.

Allowing the skin to breathe
 These fabrics are engineered for the ability to effectively move moisture away from the skin and to rapidly evaporate it over a large surface area.

SOLAR SHIELD
Up to UPF50+ Sun-protective clothing.
 Get out there and enjoy the sun without taking risks. Our SolarShield fabric technology has been tried and tested to give you up to UPF50+ protection from harmful UV rays.

SolarShield is Craghoppers' range of permanent sun-protective fabric tested for UV-protection up to UPF50+.
 Sun-protection is given by a combination of 3 things, the density of the fabric construction, the type of yarns used and its colour.
SolarShield Rating: Excellent
UPF Index: 50+
Blocked UVR: 97.5%+
UV Radiation: 2.5% or less

SOLAR SHIELD ZINC OXIDE
Sun-protective clothing with Zinc Oxide.
 UVA & UVB protection for the lifetime of the garment.

Why Use Zinc Oxide?
 Zinc Oxide is safe & skin friendly. It protects from UVA & UVB radiation even when wet.
 Zinc Oxide is also naturally anti-bacterial & creates a cooling effect.

SolarShield Rating: Excellent
UPF Index: 20+
Blocked UVR: 97.5%+
UV Radiation: 2.5% or less

WARMTH RATING

There is a big misconception that heavier means warmer, this is not the case with modern fabrics. Multiple layers trap more air than one single bulky layer and give more flexibility to regulate body heat by adding or removing layers as you heat up or cool down.

Also depending on the garment it may also be wind-resistant or even windproof. This can make a huge difference even if the garment does not have high insulation as being able to cut the windchill can literally be the difference between life and death.

Additionally it is worth remembering that everybody will experience cold differently and what suits one person may not work for another.

WARMTH INSULATION RATING SYSTEM

Our warmth rating system is designed to make the insulating properties of our various layers understandable at a glance; featuring options suited to every climate - from gentle breezes to full-on blizzards.

7

Optimum insulation for extreme conditions

6

Enhanced performance in colder climates

5

Effective cold weather coverage

4

Insulated for warmth and comfort

3

Midweight layers for cooler conditions

INNOVATIONS

There are a million things you could take with you on your travels, but only some that you need. Your kit needs to work hard with no time-wasting, so our proven fabric technologies are here to guarantee you quality, function and purpose in every gram and every inch.

- GORE-TEX™**
World leading waterproof and breathable fabrics for all weather conditions. Guaranteed to keep you dry™
- NOSILIFE**
Our insect-repellent treatment is permanently woven into the fabric and is proven to reduce bites by up to 90%
- SOLARSHIELD ZnO**
Zinc Oxide treatment creates a sun-protective fabric, from UPF15 up to UPF50+ protection
- SOLARSHIELD**
Tried and tested sun-protective fabric giving up to UPF50+ protection from harmful UV rays
- AQUADRY**
Guaranteed waterproof & breathable fabrics with taped seams for protection & comfort in moderate to heavy downpours
- AQUADRY MEMBRANE**
Dual layer fused waterproof fabric, exceptional waterproofing and breathability in the heaviest of downpours
- WINDSHIELD**
Our wind-resistant construction forms a barrier whilst maintaining maximum breathability
- SMARTDRY**
A water-repellent treatment bonded onto the fabric so that rain and spills simply run-off
- STRETCH**
Designed to stretch thus providing comfort and flexibility for the active outdoors
- CLIMAPLUS**
Supple, compact hollow fibre fill for superior warmth and ultra lightweight
- MOISTURE CONTROL**
Keeping you cool on the move and fresh in the most intense humidity
- INSULATING**
Warm and super insulating for maintaining the body's microclimate
- MIRCOFLEECE**
Microfleece is a lightweight, high insulation synthetic fabric
- WINDPROOF**
Our wind proof garment construction forms a sturdy barrier against the harshest of gales
- RECYCLED FLEECE**
Part made from recycling plastic bottles into polyester
- NOSIDEFENCE**
A robust barrier of specially constructed fibres which are too tough for insects like mosquitoes to penetrate
- THERMALCONTROL**
A temperature-balancing fabric technology that absorbs heat from the body, distributing it across the fabric's special microthermal fibres
- HOTPOCKET**
A thermal fabric layer in the lining that reflects body heat for when the temperature drops
- INTERACTIVE**
Zip in or zip out. Insulating layers giving versatility, warmth and protection depending on the weather
- SECURITY**
Hidden or zipped pocket(s) for valuables
- WASH&WEAR**
Easy-care, quick-drying fabric reduces the need for ironing
- MULTIPLE POCKETS**
- ADJUSTABLE CUFFS**
- BOUND CUFFS**
- LONGER LENGTH**
For greater protection against wind and rain
- ADJUSTABLE WAIST**
- REVERSIBLE**
High-performance fabrics inside and out. Clothes that can change as fast as the weather changes its mind
- SOLARSHIELD COLLAR**
Flip up collar to protect your neck from the sun
- COOLING COLLAR**
Wicking mesh built into the collar to keep your neck cool
- BRUSHED INNER COLLAR**
For ultimate comfort
- PROTECTOR COLLAR**
Flip-up collar with secure stud to protect from sun and biting insects
- O/S MAP POCKET**
Holds full-sized Ordnance Survey map
- MOBILE PHONE POCKET**
Designed to comfortably and securely hold your phone
- WATERPROOF**
800mm
- BREATHABLE**
g/m2/24hr
- CREDIT CARD POCKET**
A handy little Velcro flap pocket within a pocket for keeping cards safe and secure
- ACCESSORY POCKET**
A great stretchy pocket for your gloves, hats or anything else you accessorise with
- EASY CARE**
Minimal iron, making life & travel that little bit easier
- NATURALLY WATER RESISTANT**
The high lanolin content gives a natural water resistance
- LIGHTWEIGHT**
Lightweight-efficient fabric and slimmed down construction for travelling without a struggle
- AUDIO POCKET**
An internal pocket & cord headphones loop for your favourite tunes on the move
- PACKABLE**
Packable products are designed to pack away into their own pocket or supplied stuff-sack
- 3 IN 1**
Zip in or zip out the accompanying layers giving versatility, warmth and protection depending on the weather
- PART-ELASTICATED WAIST**
For increased comfort
- VENTED BACK**
Built in mesh panels to facilitate air flow round the body
- DRYING LOOPS**
For laundering on the move
- ROLL-UP SLEEVES**
With button or stud-fastening
- HEEL TAPE**
For added durability in a high wear area
- SUNGLASSES WIPE**
Integrated microfibre wipe designed to clean sunglasses
- ZIP OFF TROUSERS**
- ANKLE ZIPS**
- DRYBAG**
Water-tight pocket giving complete protection for money, passports, tickets or mobiles
- CONCEALED HOOD**
- STORM FLAP**
- INNER DRAWCORD**
- DOUBLE KNEE**
- DOUBLE SEAT**
- EXTENDABLE LEG**
- WATER RESISTANT**
With a coating to shed water helping to keep you drier for longer
- AJUSTABLE HEM**
- ANTI-BACTERIAL**
Natural hygienic properties help you stay fresher for longer
- RFID POCKET**
Our special lining fabric helps prevent accidental use or deliberate mis-use of credit cards and passports by blocking radio signals from activating the chip
- THERMOELITE**
Stay warm on the trail with super compressible, down-effect insulation.
- THERMOELITE HYBRID**
Fusing sumptuous down with hi-tech synthetic fill for optimum lightweight insulation.
- LAP TOP**
- E READER**
- ORGANISER**
- AIRFLOW BACK**
- TELESCOPIC HANDEL**
- RAIN COVER**
- MULTIUSE**
- FLIGHT FRIENDLY**
- DISCREET**
- TRAVEL EASE**

FIT

All our garments are designed specifically for purpose. Our long standing 'Classic Fit' is exactly what you'd expect from everyday outdoor gear - slightly looser with a casual and relaxed feel.

For those who prefer to wander off track the 'Adventure Fit' offers a slimmer fitting throughout for added comfort.

We then have 'Active Fit', this is essentially our Pro Stretch gear. Designed to contour the body with cutting in specific areas for a slim fitted feel.

WHAT TO MEASURE

HEAD	The circumference around the middle of your forehead
HAND	The circumference around the palm.
BUST/CHEST	Under your arms, around the fullest part of your chest
WAIST	Around your natural waist line at the top of the hips
HIP	Around the fullest part of your body at the top of the leg
LENGTH	From the inside leg to the bottom of your ankle

MAKE
YOUR
WORLD

BIGGER

It's one of the most loved brands in the world. 2.5 billion viewers. 220 countries. Wow. The Discovery Channel have an uncanny ability to capture moments of pure magic. Hundreds of shows and 32 years later, they're still making the world bigger, brighter and in many ways better for billions of us.

At Craghoppers, we've got huge respect for them. Their crews brave the worst conditions in the world to bring us arguably the best programming on the planet.

We know not all of our customers and their families find themselves chasing cyclones in the Indian Ocean. At least not before breakfast. The fact that Discovery puts our clothing to the test in extreme product demos is still amazing to us. If they made Scout Merit Badges for "if it works for them, it works for me," we'd order a truck-load.

Our partnership with Discovery Adventures means that together, we're helping more people feel more free to get out there and discover their world. This is the beginning of a wild ride. Hope you can join us for it.

Remote Alberta. Pronghorn antelope up-close. Second-fastest next to the cheetah? No problem. What's needed? Super-light gear for the crew? Antelope-like agility? Our Adventure Stretch jacket is up for the chase. Tested to the extreme so it can even handle young warriors in the wild. If you catch and tame them, that is.

SHORT-SLEEVED T-SHIRT**

CKT529

Remote Zambia. Kafue plains. The TV crew need footage of the South African cheetah. It hunts during the day. Goes undercover. Enjoys a good sneak attack. This describes most children we know. That's why we've captured the spirit of this in an adventure-ready, Discovery-approved tee. Seek it out before it sneaks away.

DISCOVERY ADVENTURES TROUSER

CKJ051

Legs? Not naturally adventurous, are they? Drop them in crazy-wild places then you'll know. A safari in Kenya? Child's play for Discovery's crew. They test our trousers out there. They make them hill-, trail- and playground-ready for young folk. Those with always-looking-for-adventure legs. These will keep them busy for a bit.
